SECOND AMENDED COMPLAINT

Plaintiff AbbVie Inc. (“AbbVie”), by its undersigned attorneys, brings this action against Defendants Hetero USA, Inc., Hetero Labs Limited, Hetero Labs Limited Unit-V, and Hoster Labs Private Limited (collectively, “Hetero”); Aurobindo Pharma USA, Inc. and Aurobindo Pharma Ltd. (collectively, “Aurobindo”); Sandoz Inc., Sandoz Private Limited, and Sandoz GmbH (collectively, “Sandoz”); and Sun Pharmaceutical Industries, Ltd. (“Sun”), and hereby alleges as follows:

NATURE OF THE ACTION

1. This is a civil action for patent infringement arising under the patent laws of the United States, 35 U.S.C. § 1, *et seq.*, and in particular under 35 U.S.C. § 271. This action arises from Hetero’s, Aurobindo’s, Sandoz’s, and Sun’s submissions of Abbreviated New Drug Applications (“ANDAs”) to the United States Food and Drug Administration (“FDA”) seeking approval to market generic versions of AbbVie’s highly successful pharmaceutical product

RINVOQ[®], prior to the expiration of one or more of the following patents: United States Patent Nos. 12,077,545 (“the ’545 Patent”); 12,103,933 (“the ’933 Patent”); 12,110,297 (“the ’297 Patent”); 12,116,373 (“the ’373 Patent”); 12,110,298 (“the ’298 Patent”); and 12,134,621 (“the ’621 Patent”) (collectively, “the Asserted Patents”).

2. In November 2023, Plaintiff filed related action *AbbVie Inc. v. Hetero USA, Inc. et al.*, C.A. No. 23-1332 (MN) (D. Del.) against, *inter alia*, Hetero, Aurobindo, Sandoz, and Sun for patent infringement arising from their respective ANDA submissions. In August 2024, Plaintiff filed related action *AbbVie Inc. v. Hetero USA, Inc. et al.*, C.A. No. 24-0924 (MN) (D. Del.) against Hetero, Aurobindo, and Sun.

RINVOQ[®]

3. RINVOQ[®] (upadacitinib) is a ground-breaking, once-daily oral Janus kinase (JAK) inhibitor that has gained widespread medical acceptance. In less than five years since its first FDA approval on August 16, 2019, RINVOQ[®] has been approved to treat patients with a number of different immune-mediated diseases, including rheumatoid arthritis, psoriatic arthritis and ulcerative colitis. It has been used to treat more than 160,000 patients in the United States alone.

4. Janus kinases (JAKs), including JAK1, JAK2, JAK3 and Tyrosine kinase 2 (Tyk2), are intracellular enzymes that play a pivotal role in signaling pathways arising from cytokine or growth factor-receptor interactions on the cellular membrane to influence cellular processes of hematopoiesis and immune cell function. Within the signaling pathway, JAKs phosphorylate and activate signal transducers and activators of transcription (STATs) which modulate intracellular activity including gene expression. RINVOQ[®]’s active ingredient, upadacitinib, modulates the signaling pathway at the point of JAKs, preventing the phosphorylation and activation of STATs. Upadacitinib has surprising selectivity for JAK1.

5. AbbVie invested more than 3.5 billion dollars in the development of RINVOQ[®] and in its extensive clinical development program, which includes more than 45 completed or ongoing company-sponsored clinical trials and has resulted in approvals for an unexpected array of onerous diseases of the immune system. AbbVie continues to invest in the clinical development of RINVOQ[®].

6. AbbVie's development of RINVOQ[®] is part of its long legacy of research in immunology and its track record to making life better for people living with immune-mediated diseases.

7. RINVOQ[®] is currently approved for treatment of:

- a. adults with moderately to severely active rheumatoid arthritis who have had an inadequate response or intolerance to one or more tumor necrosis factor ("TNF") blockers;
- b. adults and pediatric patients 2 years of age and older with active psoriatic arthritis who have had an inadequate response or intolerance to one or more TNF blockers;
- c. adults and pediatric patients 12 years of age and older with refractory, moderate to severe atopic dermatitis whose disease is not adequately controlled with other systemic drug products, including biologics, or when use of those therapies are inadvisable;
- d. adults with moderately to severely active ulcerative colitis who have had an inadequate response or intolerance to one or more TNF blockers;
- e. adults with active ankylosing spondylitis who have had an inadequate response or intolerance to one or more TNF blockers;

- f. adults with moderately to severely active Crohn's disease who have had an inadequate response or intolerance to one or more TNF blockers;
- g. adults with active non-radiographic axial spondyloarthritis with objective signs of inflammation who have had an inadequate response or intolerance to TNF blocker therapy;
- h. patients 2 years of age and older with active polyarticular juvenile idiopathic arthritis who have had an inadequate response or intolerance to one or more TNF blockers.

8. RINVOQ[®] represents an important advance for patients with these conditions. RINVOQ[®] was designated as a "Breakthrough Therapy" by FDA for treatment of adult patients with moderate to severe atopic dermatitis who are candidates for systemic therapy, based on FDA's determination that RINVOQ[®] may offer substantial treatment advantages over existing options for patients with serious or life-threatening diseases. RINVOQ[®] is the first and only JAK inhibitor that is approved for both non-radiographic axial spondyloarthritis (nr-axSpA) and active ankylosing spondylitis (AS). RINVOQ[®] was also the first oral therapy to receive FDA approval for moderate to severe Crohn's disease.

9. As a result of the inventive work of the AbbVie scientists responsible for development and formulation, RINVOQ[®] is available in 15 mg, 30 mg, and 45 mg extended-release tablets, which allow for convenient once daily oral dosing.

49. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1338.

Hetero

50. This Court has personal jurisdiction over Hetero USA, Inc. because Hetero USA, Inc. is a corporation organized and existing under the laws of Delaware. On information and belief, Hetero USA, Inc. is registered to do business as a domestic corporation in Delaware (File Number 4837317).

51. Additionally, this Court has personal jurisdiction over Hetero Labs Limited, Hetero Labs Limited Unit-V, and Hoster Labs Private Limited because, on information and belief, each,

inter alia, has continuous and systematic contacts with the State of Delaware, regularly conducts business in the State of Delaware, either directly or through one or more of its wholly owned subsidiaries, agents, and/or alter egos, has purposefully availed itself of the privilege of doing business in the State of Delaware, and intends to sell Hetero's ANDA Products in the State of Delaware upon approval of ANDA No. 218859.

52. On information and belief, Hetero is in the business of manufacturing, marketing, importing, distributing, and selling pharmaceutical drug products, including generic drug products, either directly or through subsidiaries, agents, and/or alter egos, which Hetero manufactures, distributes, markets, and/or sells throughout the United States and in this judicial district.

On information and belief and as indicated by letters dated October 16, 2023; June 27, 2024; and September 10, 2024 sent by Hetero to AbbVie pursuant to 21 U.S.C. § 355(j)(2)(B), Hetero prepared and filed its ANDA with the intention of seeking to market Hetero's ANDA Products nationwide, including within this judicial district.

55. On information and belief, Hetero plans to sell the Hetero ANDA Products in the State of Delaware, list the Hetero ANDA Products on the State of Delaware's prescription drug formulary, and seek Medicaid reimbursements for sales of the Hetero ANDA Products in the State

of Delaware, either directly or through one or more of its wholly owned subsidiaries, agents, and/or alter egos.

56. On information and belief, Hetero knows and intends that the Hetero ANDA Products will be distributed and sold in Delaware and will thereby displace sales of RINVOQ[®], causing injury to AbbVie. Hetero intends to take advantage of its established channels of distribution in Delaware for the sale of the Hetero ANDA Products.

57. Hetero Labs Limited and Hetero Labs Limited Unit-V regularly invoke the jurisdiction of the courts of this judicial district by pleading claims and counterclaims in pharmaceutical patent infringement actions in this judicial district. *See, e.g., AbbVie Inc. et al. v. Alkem Laboratories Limited et al.*, C.A. No. 22-1423-RGA, D.I. 50 (D. Del. Feb. 7, 2023); *Duchesnay, Inc. v. Hetero Labs. Ltd.*, C.A. No. 21-1130-LPS, D.I. 11 (D. Del. Oct. 18, 2021). Hetero USA, Inc. et al*, C.A. No. 23-1332 (MN) (D. Del.). Hetero USA, Inc., Hetero Labs Limited, and Hetero Labs Limited Unit-V asserted counterclaims invoking this Court's jurisdiction in their answer to that complaint. Hetero USA, Inc., Hetero Labs Limited, Hetero Labs Limited Unit-V, and Hoster Lab Private Limited also did not contest personal jurisdiction or venue in this judicial district in response to the complaint Plaintiff filed in *AbbVie Inc. v. Hetero USA, Inc. et al*, C.A. No. 24-0924 (MN) (D. Del.). Aurobindo intends to take advantage of its established channels of distribution in Delaware for the sale of the Aurobindo ANDA Products.

68. Aurobindo Pharma Ltd. regularly invokes the jurisdiction of the courts of this judicial district by pleading claims and counterclaims in pharmaceutical patent infringement actions in this judicial district. *See, e.g., Taiho Pharmaceutical Co., Ltd. et al. v. Eugia Pharma Specialities Limited et al.*, C.A. No. 23-1193-CFC, D.I. 10 (D. Del. Oct. 30, 2023); *Taiho Pharmaceutical Co., Ltd. et al. v. Eugia Pharma Specialities Limited et al.*, C.A. Sun

84. This Court has personal jurisdiction over Sun because, on information and belief, Sun, *inter alia*, has continuous and systematic contacts with the State of Delaware, regularly conducts business in the State of Delaware, either directly or through one or more of its wholly owned subsidiaries, agents, and/or alter egos, has purposefully availed itself of the privilege of doing business in the State of Delaware, and intends to sell Sun's ANDA Product in the State of Delaware upon approval of ANDA No. 217611.

85. On information and belief, Sun is in the business of manufacturing, marketing, importing, distributing, and selling pharmaceutical drug products, including generic drug products, either directly or through subsidiaries, agents, and/or alter egos, which Sun manufactures, distributes, markets, and/or sells throughout the United States and in this judicial district.

86. On information and belief, Sun is licensed to sell generic and proprietary pharmaceutical products in the State of Delaware, either directly or through one or more of its wholly owned subsidiaries, agents, and/or alter egos.

87. Sun has committed, or aided, abetted, contributed to, and/or participated in the commission of, acts of patent infringement that will lead to foreseeable harm and injury to AbbVie, which manufactures and markets RINVOQ[®] for sale and use throughout the United States, including in this judicial district. On information and belief and as indicated by a letter dated October 9, 2023; January 10, 2024; June 24, 2024; August 8, 2024; and November 21, 2024 sent

by Sun to AbbVie pursuant to 21 U.S.C. § 355(j)(2)(B), Sun prepared and filed its ANDA with the intention of seeking to market Sun's ANDA Product nationwide, including within this judicial district.

88. On information and belief, Sun plans to sell the Sun ANDA Product in the State of Delaware, list the Sun ANDA Product on the State of Delaware's prescription drug formulary, and seek Medicaid reimbursements for sales of the Sun ANDA Product in the State of Delaware, either directly or through one or more of its wholly owned subsidiaries, agents, and/or alter egos.

89. On information and belief, Sun knows and intends that the Sun ANDA Product will be distributed and sold in Delaware and will thereby displace sales of RINVOQ[®], causing injury to AbbVie. Sun intends to take advantage of its established channels of distribution in Delaware for the sale of the Sun ANDA Product.

90. Sun regularly invokes the jurisdiction of the courts of this judicial district by pleading claims and counterclaims in pharmaceutical patent infringement actions in this judicial district. *See, e.g., Vertex Pharmaceuticals Incorporated v. Sun Pharmaceutical Industries Limited*, C.A. No. 23-666-RGA-CJB (D. Del. Jul. 14, 2023); *Novo Nordisk Inc. et al. v. Orbicular Pharmaceutical Technologies Pvt. Ltd., et al.*, C.A. 91. In the alternative, this Court has personal jurisdiction over Sun because the requirements of Federal Rule of Civil Procedure 4(k)(2)(A) are met as (a) AbbVie's claims arise under federal law; (b) Sun is a foreign defendant not subject to general personal jurisdiction in the courts of any state; and (c) Sun has sufficient contacts in the United States as a whole, including, but not limited to, participating in the preparation and submission of Sun's ANDA and/or manufacturing and/or selling pharmaceutical products distributed throughout the United States including in this judicial district, such that this Court's exercise of jurisdiction over Sun satisfies due process.

92. Venue is proper in this district for Sun pursuant to 28 U.S.C. §§ 1391 and 1400(b) because, *inter alia*, Sun is a corporation organized and existing under the laws of India and may be sued in any judicial district.

93. Sun did not contest personal jurisdiction or venue in this judicial district in response to the complaints Plaintiff filed in *AbbVie Inc. v. Hetero USA, Inc. et al*, C.A. No. 23-1332 (MN) (D. Del.) and *AbbVie Inc. v. Hetero USA, Inc. et al*, C.A. No. 24-0924 (MN) (D. Del.).

269. On information and belief, AbbVie will be irreparably harmed if Sun is not enjoined from infringing and from actively inducing or contributing to the infringement of the '297 Patent. AbbVie does not have an adequate remedy at law, and considering the balance of hardships between AbbVie and Sun, a remedy in equity is warranted. Further, the public interest would not be disserved by the entry of a permanent injunction.

COUNT 18 — INFRINGEMENT OF THE '298 PATENT BY SUN

270. AbbVie restates, realleges, and incorporates by reference the foregoing paragraphs as if fully set forth herein.

271. On information and belief, Sun has submitted or caused the submission of Sun's ANDA to FDA, and thereby seeks FDA approval of Sun's ANDA Product.

272. AbbVie owns all rights, title, and interest in and to the '298 Patent.

273. Sun's Notice Letters do not contest infringement of claims directed to amorphous upadacitinib.

274. Sun's ANDA Product infringes one or more claims of the '298 Patent.

275. Sun has infringed one or more claims of the '298 Patent under 35 U.S.C. § 271(e)(2)(A) by submitting Sun's ANDA with a Paragraph IV certification and thereby seeking FDA approval of a purported generic version of RINVOQ[®] prior to the expiration of the '298 Patent.

276. On information and belief, the importation, manufacture, sale, offer for sale, or use of Sun's ANDA Product prior to the expiration of the '298 Patent would infringe one or more claims of the '298 Patent under 35 U.S.C. § 271(a) and/or (g), and/or Sun would induce the infringement of and/or contribute to the infringement of one or more claims of the '298 Patent under 35 U.S.C. § 271(b) and/or (c).

277. Sun has actual and constructive notice of the '298 Patent, and is aware that the submission of Sun's ANDA with the request for FDA approval prior to the expiration of the '298 Patent would constitute an act of infringement of the '298 Patent.

278. On information and belief, Sun filed its ANDA without adequate justification for asserting that the '298 Patent is invalid, unenforceable, and/or not infringed by the commercial manufacture, use, offer for sale, or sale of Sun's ANDA Product. Sun's conduct in certifying invalidity and/or non-infringement with respect to the '298 Patent renders this case "exceptional" as that term is set forth in 35 U.S.C. § 285, and entitles AbbVie to recovery of its attorneys' fees and such other relief as this Court deems proper.

279. On information and belief, AbbVie will be irreparably harmed if Sun is not enjoined from infringing and from actively inducing or contributing to the infringement of the '298 Patent. AbbVie does not have an adequate remedy at law, and considering the balance of hardships

between AbbVie and Sun, a remedy in equity is warranted. Further, the public interest would not be disserved by the entry of a permanent injunction.
