INC., )  
Defendants. )

**COMPLAINT**

Allergan USA, Inc. and Allergan Holdings Unlimited Company (collectively, "Allergan"), and Eden Biodesign, LLC (collectively with Allergan, "Plaintiffs"), for their Complaint against Defendants MSN Laboratories Private Limited and MSN Pharmaceuticals Inc. (collectively, "MSN"), hereby allege as follows.

**THE PARTIES**

1. Plaintiff Allergan USA, Inc. is a Delaware corporation with a principal place of business at 1 North Waukegan Road, North Chicago, Illinois 60064, United States.
2. Plaintiff Allergan Holdings Unlimited Company is an Irish unlimited liability company having a principal place of business at Clonshaugh Business & Technology Park, Coolock, Dublin 17, Ireland D17 E400.
3. Plaintiff Eden Biodesign, LLC is a Delaware limited liability company having a principal place of business at 1 North Waukegan Road, North Chicago, Illinois 60064, United States.

4. Upon information and belief, Defendant MSN Laboratories Private Limited is a corporation organized and existing under the laws of India, having a principal place of business at MSN House, Plot No: C-24, Industrial Estate, Sanathnagar, Hyderabad – 18 Telangana, India. Upon information and belief, Defendant MSN Laboratories Private Limited manufactures, imports, and/or distributes numerous generic drugs for sale and use throughout the United States, including in this judicial district, and including through its wholly owned subsidiary and agent MSN Pharmaceuticals Inc.

5. Upon information and belief, Defendant MSN Pharmaceuticals Inc. is a Delaware corporation having a principal place of business at 20 Duke Road, Piscataway, New Jersey 08854, United States. Upon information and belief, Defendant MSN Pharmaceuticals Inc. is a wholly owned subsidiary of MSN Laboratories Private Limited. Upon information and belief, Defendant MSN Pharmaceuticals Inc. manufactures, imports, and/or distributes numerous generic drugs for sale and use throughout the United States, including in this judicial district, and including as a subsidiary and agent of MSN Laboratories Private Limited.

#### **NATURE OF THE ACTION**

6. This is a civil action for patent infringement by MSN of Allergan's U.S. Patent No. 11,229,627 (the “'627 patent”). This action is based upon the Patent Laws of the United States, 35 U.S.C. § 1 *et seq.*, and arises from MSN's submission of Abbreviated New Drug Application (“ANDA”) ANDA No. 213576 to the United States Food and Drug Administration (“FDA”) seeking to commercialize a generic version of Allergan's Viberzi® brand eluxadoline tablets throughout the United States, including in this judicial district, before the expiration of the '627 patent.

**JURISDICTION AND VENUE**

7. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1338(a).

8. This Court has personal jurisdiction over MSN Pharmaceuticals Inc. because, on information and belief, MSN Pharmaceuticals Inc. is a corporation organized and existing under the laws of Delaware.

9. This Court has personal jurisdiction over MSN Laboratories Private Limited because, *inter alia*, it has maintained continuous and systematic contacts with this judicial district and availed itself of the privilege of doing business in this judicial district. On information and belief, MSN Laboratories Private Limited has committed, or aided, abetted, induced, contributed to, and/or participated in the commission of a tortious act of patent infringement that will lead to foreseeable harm and injury to Plaintiffs in Delaware. MSN Laboratories Private Limited has participated in the preparation, filing, and/or amendment of an ANDA seeking approval to market and sell a generic version of Allergan's branded product, Viberzi®, and has distribution channels and plans to market and sell its generic product throughout the United States, including in this judicial district, before the '627 patent expires.

10. This Court also has personal jurisdiction over MSN by virtue of, *inter alia*, its systematic and continuous contacts with Delaware. Upon information and belief, MSN is amenable to litigating in this forum based on MSN's conduct in multiple prior litigations in this judicial district. For example, MSN did not previously contest this Court's jurisdiction in Plaintiffs' related, previously-filed civil action regarding MSN's ANDA No. 213576, Civil Action No. 19-1727-RGA. *See Allergan USA, Inc. et al. v. MSN Lab'ys Priv. Ltd. et al.*, C.A. No. 19-1727-RGA, D.I. 29 at ¶¶ 15, 21–22; D.I. 268 at ¶¶ 8–10 (D. Del.).

11. Venue is proper in this judicial district for MSN Pharmaceuticals Inc. pursuant to 28 U.S.C. § 1400(b) because MSN Pharmaceuticals Inc. is a corporation organized and existing under the laws of Delaware.

12. Venue is proper in this judicial district for MSN Laboratories Private Limited pursuant to 28 U.S.C. § 1391 because MSN Laboratories Private Limited is organized and existing under the laws of the Republic of India and is subject to personal jurisdiction in this District.

### **THE PATENTS**

13. On January 25, 2022, the '627 patent, titled "Opioid Receptor Modulator Dosage Formations," was duly and lawfully issued by the United States Patent and Trademark Office ("USPTO"). Allergan Holdings Unlimited Company is the owner and assignee of the '627 patent. A copy of the '627 patent is attached hereto as Exhibit A.

14. Allergan Holdings Unlimited Company holds New Drug Application ("NDA") No. 206940 for Viberzi® brand eluxadoline tablets. Viberzi® is approved for the treatment of irritable bowel syndrome with diarrhea ("IBS-D") in adults. Seventeen patents are listed in *Approved Drug Products with Therapeutic Equivalence Evaluations* ("the Orange Book") for Viberzi®.

15. Allergan USA, Inc. is the exclusive distributor of Viberzi® in the United States.

16. Eden Biodesign, LLC is the exclusive licensee of the '627 patent.

### **ACTS GIVING RISE TO THIS ACTION**

17. Upon information and belief, on or before August 12, 2019, MSN submitted ANDA No. 213576 to the FDA under § 505 of the Federal Food, Drug and Cosmetic Act (21 U.S.C. § 355(j)). ANDA No. 213576 seeks FDA approval for the commercial manufacture, use, and sale

of generic oral tablet products containing 75 mg and 100 mg of eluxadoline as the active ingredient (“the MSN Generic Products”).

18. Pursuant to § 505(j)(2)(A)(vii)(IV) of the Federal Food, Drug and Cosmetic Act, ANDA No. 213576 previously included certifications that the claims of U.S. Patent No. 8,691,860 (the “’860 patent”), U.S. Patent No. 9,115,091 (the “’091 patent”), U.S. Patent No. 9,364,489 (the “’489 patent”), U.S. Patent No. 9,675,587 (the “’587 patent”), U.S. Patent No. 9,789,125 (the “’125 patent”), U.S. Patent No. 10,188,632 (the “’632 patent”), U.S. Patent No. 11,007,179 (the “’179 patent”), and U.S. Patent No. 11,090,291 (the “’291 patent”) were invalid, unenforceable, and/or would not be infringed by the manufacture, use, importation, offer for sale, or sale of the MSN Generic Products.

19. Allergan received written notification of ANDA No. 213576 and MSN’s certifications pursuant to § 505(j)(2)(A)(vii)(IV) with respect to the ’860 patent, the ’091 patent, the ’489 patent, the ’587 patent, the ’125 patent, and the ’632 patent on or about August 12, 2019, and timely filed suit with respect to those patents on September 13, 2019. *Allergan USA, Inc. et al. v. MSN Lab’ys Priv. Ltd. et al.*, C.A. No. 19-1727-RGA, D.I. 1 (D. Del.). In a letter dated September 14, 2021, MSN advised Plaintiffs that it had amended ANDA No. 213576 to include a certification pursuant to § 505(j)(2)(A)(vii)(IV) of the Federal Food, Drug and Cosmetic Act, with respect to the ’179 patent and the ’291 patent.

20. Allergan filed suit with respect to the ’179 patent on July 23, 2021. *Allergan USA, Inc. et al. v. MSN Lab’ys Priv. Ltd. et al.*, C.A. No. 21-1064-RGA, D.I. 1 (D. Del.). Allergan amended its July 23, 2021 complaint to assert the ’291 patent on August 17, 2021. *Id.* at D.I. 10. Allergan amended its August 17, 2021 complaint to assert U.S. Patent No. 11,160,792 (the “’792

patent") on November 3, 2021. *Allergan USA, Inc. et al. v. MSN Lab'ys Priv. Ltd. et al.*, C.A. No. 19-1727-RGA, D.I. 257 (D. Del.).<sup>1</sup>

21. MSN has not submitted any certifications pursuant to § 505(j)(2)(A)(vii)(IV) for the patents listed in the Orange Book for Viberzi® other than the '860, '091, '489, '587, '125, '632, '179, and '291 patents. On information and belief, MSN has made certifications pursuant to § 505(j)(2)(A)(vii)(III), representing to the FDA that it will not launch its proposed generic eluxadoline products prior to the expiration of U.S. Patent No. 7,741,356 ("the '356 Patent"); U.S. Patent No. 7,786,158 ("the '158 Patent"); U.S. Patent No. 8,344,011 ("the '011 Patent"); U.S. Patent No. 8,609,709 ("the '709 Patent"); U.S. Patent No. 8,772,325 ("the '325 Patent"); U.S. Patent No. 9,205,076 ("the '076 Patent"); U.S. Patent No. 9,700,542 ("the '542 Patent"); and U.S. Patent No. 10,213,415 ("the '415 Patent"), listed in the Orange Book for Viberzi®. The unchallenged patents expire as late as May 27, 2029. As a result, under the Hatch-Waxman Act, MSN cannot manufacture, import into the United States, use, sell, or offer for sale the MSN Generic Products described in ANDA No. 213576 prior to June 24, 2026, regardless of the outcome of this action.

22. MSN's submission of ANDA No. 213576 to the FDA constitutes infringement of one or more claims of the '627 patent under 35 U.S.C. § 271(e)(2)(A). Although the '627 patent did not issue until after ANDA No. 213576 was filed, this does not preclude MSN from infringement liability under 35 U.S.C. § 271(e)(2). *Vanda Pharms. Inc. v. W.-Ward Pharms. Int'l Ltd.*, 887 F.3d 1117, 1127 (Fed. Cir. 2018).

---

<sup>1</sup> C.A. No. 21-1064-RGA was consolidated with C.A. No. 19-1727-RGA by stipulation and order on August 30, 2021. *Allergan USA, Inc. et al. v. MSN Lab'ys Priv. Ltd. et al.*, C.A. No. 19-1727-RGA, D.I. 226 (D. Del.); *Allergan USA, Inc. et al. v. MSN Lab'ys Priv. Ltd. et al.*, C.A. No. 21-1064-RGA, D.I. 13 (D. Del.).

23. MSN's participation in, contribution to, inducement of, aiding, or abetting the submission of ANDA No. 213576 constitutes direct, contributory, or induced infringement of one or more claims of the '627 patent under 35 U.S.C. § 271(e)(2)(A).

24. Upon information and belief, if MSN commercially manufactures, uses, offers for sale, or sells within the United States, or imports into the United States, the MSN Generic Products, or induces or contributes to any such conduct, it would further infringe, *inter alia*, one or more claims of the '627 patent under 35 U.S.C. § 271(a), (b), and (c).

25. Upon information and belief, MSN has infringed, *inter alia*, one or more claims of the '627 patent under 35 U.S.C. § 271(e)(2)(A), and, upon information and belief, will further infringe, *inter alia*, one or more of these claims under 35 U.S.C. § 271(a), (b), and (c), because, *inter alia*, the MSN Generic Products and the methods of using the MSN Generic Products, *e.g.*, by doctors, pharmacists, healthcare providers and patients, according to the proposed package insert and prescribing information will meet each and every claim element of one or more claims of the '627 patent, either literally or under the doctrine of equivalents.

26. Upon information and belief, MSN has participated in, contributed to, aided, abetted, and/or induced infringement of the '627 patent and/or will participate in, contribute to, aid, abet, and/or induce infringement of the '627 patent once the MSN Generic Products are commercially made, used, offered for sale, or sold in the United States, or imported into the United States.

27. Upon information and belief, MSN has knowledge that if it were to receive approval from the FDA to market the MSN Generic Products described in ANDA No. 213576 and make the MSN Generic Products available for sale and/or use by others, *e.g.*, by doctors, pharmacists, healthcare providers and patients, according to the package insert and prescribing

information during the proposed shelf life of the products before expiration of the '627 patent, such activities would result in the sale and/or use of a product that itself infringes and/or is especially made for an infringing use. Upon information and belief, MSN has knowledge of such infringement and/or such infringing use and also knows that the products described in ANDA No. 213576 are not a staple article or commodity of commerce suitable for substantial non-infringing use, but rather are especially made to infringe and/or are especially adapted for use in the direct infringement of the '627 patent.

28. MSN's actions render this an exceptional case under 35 U.S.C. § 285.

29. Plaintiffs will be irreparably harmed by MSN's infringing activities unless those activities are enjoined by this Court. Plaintiffs do not have an adequate remedy at law.

**PRAYER FOR RELIEF**

WHEREFORE, Plaintiffs pray for judgment as follows:

- a) That MSN's submission of ANDA No. 213576 is an act of infringement of one or more claims of the '627 patent under 35 U.S.C. § 271(e)(2);
- b) That, pursuant to 35 U.S.C. § 271(e)(4)(A), the effective date of any approval of MSN's ANDA No. 213576 shall not be earlier than the expiration date of the '627 patent, including any extensions or exclusivities;
- c) That MSN, its officers, agents, servants, and employees, and those persons in active concert or participation with any of them, be permanently enjoined from commercially manufacturing, using, offering for sale, or selling in the United States, or importing into the United States, the MSN Generic Products, and any other product that infringes or induces infringement or contributes to the infringement of the '627 patent, prior to the expiration of the '627 patent, including any extensions or exclusivities;

- d) That this is an exceptional case under 35 U.S.C. § 285 and that Plaintiffs be awarded the attorneys' fees, costs, and expenses that they incur prosecuting this action; and
- e) That Plaintiffs be awarded such other and further relief as this Court deems just and proper.
